

# NBN: When will I be able to get the NBN?

We do not yet know.

The building of the NBN is the largest infrastructure project ever undertaken in Australia and it has only just begun. Very few areas have been identified however as soon as we find out we'll put information on our website.

In the meantime please register with us on the NBN page and we'll inform you when the NBN is rolling out in your area when we know.

Unique solution ID: #1001
